Comments (Additional space provided on back of form) When we bought our house four years ago, we were told that sewer was coming. Paying a reasonable assessment is not the problem. I wish I had checked on the monthly charges for sewer. We would not have bought the house and settled here. I am now worried about selling in the future. I understand now why Blaine cannot grow. It is time to turn your image around. (over)

Exhibit P14

The costs and aggravation of dealing with the city of Blaine are ridiculous. I hope and pray you will consider changing Blaine's image. It can be a wonderful city.
