Subject: Woodberry development

Alex Wenger,

Fifteen years ago we moved from San Diego to this beautiful part of the country, and were beyond blessed to find this crowning jewel, Semiahmoo. The Woodberry project being planned would be yet another travesty like Seasmoke, and a further blight blight on this very special place we call home. Destroying the old growth trees along the parkway, would completely change what makes this place unique!

Thank you,

Mike and Judy Bailey
Lot #23
Turnberry Wood
