The numbered list below corresponds with the sample utility bill shown on the left.

- Our Address and Phone Number** – This is our location as well as our mailing address. Please remit all payments and correspondence to this address. Use this phone number to speak with a utility billing representative.
- Your Account Number** – When you call, giving us this number will help us serve you more quickly
- Statement Date** – The date your bill was mailed to you
- Due Date** – After this date, your payment would be past due
- Amount Due** – The amount you now owe on your account
- Community Utility Donation** – Checking this box means that you are including a contribution to the donation fund along with your payment for utilities
- Amount Enclosed** – Please fill in the amount of your payment when remitting this stub.
- Name** – Property owner's name (or tenant's name if account established prior to March 1998)
- Location** – The property address for this account
- Base Rate Dates** – The base rates (basic charges) for all our utilities are billed from the first through the end of the previous calendar month
- Consumption Dates** – The billing period for any electricity and water used. Consumption dates do not correspond to base rate dates
- Previous (Readings)** – The reading on your meter at the beginning of the billing period for consumption.
- Current (Readings)** – The reading on your meter at the end of the billing period for consumption.
- Multiplier** – A factor that converts the electric meter read to kilowatts.
- Consumption** – The amount of electricity and/or water used during the consumption billing period.
- Average Temperature** – The current average temperature as well as the average temperature for the same time period one year ago.
- KWH Used** – Compares this statement's electric usage to the same time period last year.
- Water Used** – Compares this statement's water usage to the same time period last year.
- Previous Balance** – The amount due on your last bill.
- Payment** – The payment amount we applied to your account since we sent your last bill. Payments that we received after we prepare the current bill will appear on your next bill.
- Current Charges** – The amount of all utility charges including tax for the current billing period
